🎓 Education

BRAC University 📅 Jan 2022 - Present
⚛ *BSc in Computer Science & Engineering*
★ CGPA: 3.33/4.00

‹› Technical Skills

- **Languages:** Python, Java, C/C++
- **Web:** HTML, CSS, JavaScript
- **Database:** SQL, MongoDB
- **Frameworks:** Django, Flask, Node.js
- **AI/ML:** TensorFlow, PyTorch
- **Tools:** Git, Docker, AWS

💼 Experience

IEEE Computer Society Bangladesh 📅 Jan 2025 - Present
💼 *President*
- Lead 50+ members in advancing CS education through workshops and research initiatives
- Organized 12+ tech events with 500+ total attendees from academia and industry
- Established 3 new industry partnerships for student development programs

Tachyon 📅 May 2023 - May 2024
✏ *Science Content Writer*
- Published articles translating complex research into accessible content
- Collaborated with researchers to ensure technical accuracy

BRACU Express 📅 Apr 2023 - Jan 2025
📰 *Journalist*
- Conducted primary research and interviews with students and experts, delivering well-sourced, thought-provoking content under tight deadlines alongside, authored and published articles

💼 Key Project

Dusk Probe Security Scanner 📅 Nov 2024 - Apr 2025
⚙ Python, Django, Quantum Encryption, ML
- Developed professional vulnerability scanner with 200+ security tests
- Implemented quantum encryption (AES-256-GCM) and ML detection (99.2% accuracy)

🏅 Achievements

🏆 Appointed as an IEEE PES Day 2024 Ambassador (ID: PESDAY24-217)
